Neither will they be responsible for loss, damage or delay of shipments due to fire, theft, water, vandalism, acts of God, strikes, lockouts, work stoppages of any kind or any other circumstances beyond their control.
5. Capital and its subcontractors' liability shall be limited to physical loss or damage to the specific article which is lost or damaged, and in any event Capital's maximum liability shall be limited to \$.30 per pound per article with a maximum liability of \$50.00 per item or \$1,000.00 per shipment, whichever is less.

In no event shall Capital be liable for incidental or consequential damages, which may result or arise out of the damaged materials. This shall include those losses or damages, which may arise out of the inability of an exhibitor to show their product.
7. The consignment for delivery of a shipment to Capital by an exhibitor, or by any shipper on behalf of the exhibitor, shall be construed as an acceptance by such exhibitor (and/or other shipper) of the terms and conditions set forth in this notice. It is understood that Capital and its subcontractors are not insurers. Insurance, if any, shall be based on the value of the material handling services and the scope of liability is unrelated to the value of the exhibitor's property being handled. It is suggested that exhibitors insure all shipments from the time they leave your company until they are returned from the show. If a shipment must be re-routed due to incorrect or unclear shipping instructions on the Outbound Bill of Lading, Capital assumes no liability as a result of such rerouting or handling.

All previous labels should be removed or completely covered. Capital assumes no responsibility for errors to the aforementioned procedure, removal of containers with old empty labels and without Capital's labels, improper information on empty labels, or valuables stored in containers with empty labels.
12. Freight handling charges are the responsibility of the exhibitor to whom the shipments have been consigned. Also, charges for loading out freight shipments are the responsibility of the exhibitor from whose shipments are made. Exhibitors may not assign this responsibility to suppliers or customers.

The exhibitor agrees, in the event of a dispute with Capital relative to any loss or damage to any of their materials or equipment that they will not withhold payment of any amount due to Capital for drayage or any other service provided by Capital as an offset against the amount of the alleged loss or damage. Instead, they shall agree to pay Capital at the close of the show for all such charges, and they further agree that any claim they may have against Capital shall be pursued independently by them as a completely separate transaction to be resolved on its own merits.
13. Where an exhibitor indicates choice of carrier for pickup, it is the exhibitor's responsibility to arrange with such carrier for said pickup service. If the carrier does not pick up within the time limited for the removal of exhibitor's materials at the Exhibit Hall, we reserve the right to forward such materials by the shipping method of our choice or to remove said materials to our warehouse for disposition, at an additional charge to the exhibitor in accordance with prevailing rates for the service performed.

LABOR GUIDELINES & NON-OFFICIAL CONTRACTOR RULES FOR EXHIBITOR PARTICIPATION

To assist you in planning for your participation in this upcoming exposition, we are certain you will appreciate knowing in advance that Capital labor is required for certain aspects of your exhibit handling. To help you understand, we ask that you read the following:

MATERIAL HANDLING

The facility requires that the official material handling contractor, Capital, off-load all equipment and display materials for **ALL** common carrier and van line trucks. **The use of fork trucks, pallet jacks and lift gates are only permitted by personnel of Capital Convention Contractors.**

Exhibitors are allowed to perform their own material handling, provided they meet all of the following criteria:

- Personnel performing the work must be **bonafide, full-time employees** of the exhibiting company.
- Exhibitors may load/unload uncrated materials from a mini-van, car, station wagon, pick-up truck or box truck owned by the exhibiting company.
- Exhibitors may use **only** hand-operated equipment, which they have provided; two-wheeled hand trucks and four-wheeled flat carts are permitted.
- Exhibitors choosing to handle their own materials are responsible for their own storage during the show.

EXHIBIT INSTALLATION AND DISMANTLING

Full time employees of the exhibiting companies may set their own exhibits without assistance from Capital. Any labor services that may be required beyond what your regular full time employees can provide must be rendered by Capital. Labor can be ordered in advance by returning the Labor Order Form, or at show site, at the service desk. Proof of full time employment status may be requested by Capital.

NON-OFFICIAL CONTRACTOR RULES

Non-Official Installation and Dismantling Contractors may choose to use Capital Convention Contractors for labor and/or supervision or provide their own.

MATERIAL HANDLING DEFINITIONS

What is Additional Handling?

Material delivered in such a manner that it requires additional handling, such as (but not limited to) shipments that are loaded by cubic space, ground loading/unloading, stacked or constricted space loading/unloading, designated piece loading/unloading, alternate delivery location, loads mixed with pad wrapped material, carpet/pad, multiple shipments, pad wrapped shipments, uncrated shipments, no documentation (including weight tickets), and inaccurate or missing weights which require shipment to be re-weighed on the dock. Shipments loaded in this manner require additional time, equipment and/or labor. Courier type companies (such as Federal Express, UPS, and DHL), airfreight and local cartage companies, POVs & company trucks are included in this category due to their delivery procedures.

What is a Cartage Company?

Freight forwarders, as well as other carriers, will often outsource the delivery of their freight to third party cartage companies. Cartage companies provide local pick-up and delivery services to and from the event venue, as well as other locations. In most cases cartage companies will consolidate shipments from multiple carriers onto a single truck. Due to their loading/unloading procedures, these shipments may fall into the additional handling category.

What is The Difference Between Crated and Uncrated Shipments?

Crated shipments are those that are packed in any type of shipping container that can be unloaded at the dock with no additional handling required. Such containers include crates, fiber cases, cartons, and properly packed skids. An uncrated shipment is material that is shipped loose or pad-wrapped, and/or unskidded without proper lifting bars and hooks.

What are Stacked Shipments?

Shipments loaded in a manner that requires pieces to be moved to ground level for delivery to booth. Stacked or "cubed out" shipments, and loose items placed on top of crates and/or pallets constitute additional handling.

What is Ground Loading/Unloading?

Applies to facilities where there is no loading dock and to vehicles that are not dock height and therefore cannot be loaded/unloaded at a loading dock. Examples are U-Hauls, flat bed trailers, double drop trailers, and company vehicles with trailers.

What are Mixed Shipments?

Mixed shipments are those that include both crated and uncrated goods. Where the percentage of uncrated is minimal and does not warrant the full uncrated rate for the shipment Capital will charge additional handling. Capital defines additional handling for mixed loads as more than 30% of the volume uncrated.

What is Constricted Space Loading/Unloading?

Freight that is loaded "high and tight" in the trailer and is not easily accessible, or freight that is loaded to full capacity of the trailer (top to bottom, side to side). An example of this is freight that is loaded down one side of a trailer that must be bypassed to reach targeted freight.

What is Designated Piece Loading/Unloading?

Drivers that require loading of specific pieces in a certain order to ensure all items fit on the trailer, or having to remove freight from the trailer and then reload to fit on the trailer.

What is Alternate Delivery Location?

Shipments that are delivered by a carrier and require pieces to be delivered to different areas/levels in the same building, or to other venues (such as a hotel near an event venue).

What are Multiple Shipments?

Any carrier delivering more than (1) one shipment for more than (1) one exhibitor, booth, location, or venue will be charged additional handling due to additional labor that is needed to sort, separate and deliver the various shipments.

What does it Mean if I Have "No Documentation"?

Shipments that arrive from a small package carrier (including Federal Express, UPS, and DHL) without an individual Bill of Lading, requiring additional time, labor or equipment to process.

What about Carpet/Pad Only Shipments?

Shipments that consist solely of carpet and/or carpet padding require additional handling due to additional time, labor and equipment needed to load/unload.

During this time the materials will be left unattended. Capital Convention Contractors will not be responsible or liable for any loss, damage, theft, or disappearance of exhibitor's material after it has been delivered to the exhibitor's booth.

OUTBOUND SHIPMENT(S)

Consistent with trade show industry practices, there may be a lapse of time between the completion of packing and actual pick up of materials from the booths for loading onto a carrier. During this time the materials will be left unattended. Capital Convention Contractors will not be responsible or liable for any loss, damage, theft, or disappearance of exhibitor's material between the time it is packed and when it is picked up and loaded. Capital highly recommends hiring security services from facility or Show Management. All Material Handling Agreements submitted to Capital by the exhibitor will be checked at the time of pick up from the booth, and corrections will be made where discrepancies exist between the quantities of items on the form submitted to Capital and the actual count of such items in the booth at the time of pick up. Capital shall not be responsible for loss, damage, or delay due to fire, acts of God, strikes, lockouts, or work stoppages of any kind or for any causes beyond its control. If found liable for any loss, CAPITAL'S sole and exclusive MAXIMUM liability for loss or damage to EXHIBITOR'S materials and EXHIBITOR'S sole and exclusive remedy is limited to \$.50 (USD) per pound per article with a maximum liability of \$100.00 (USD) per item, or \$1,500.00 (USD) per shipment, whichever is less. Capital shall not be liable to any extent whatsoever for any actual, potential, or assumed loss of profits or revenues or for any collateral costs that may result from any loss or damage to an exhibitor's materials that may make it impossible or impractical to exhibit same. The consignment or delivery of a shipment to Capital by an exhibitor or by any shipper on behalf of the exhibitor shall be construed as an acceptance by such exhibitor (and/or other shipper) of the terms and conditions set forth in this bulletin. It is suggested that exhibitors insure all shipments from the time that they leave exhibitor's company until they are returned from the show. Your insurance carrier can add a rider to your current policy. Shipments left on the floor without forwarding instructions will be shipped out or returned to our Warehouse pending re-routing. No liability will be assumed as a result of such re-routing or handling.

ALL CHARGES ARE THE RESPONSIBILITY OF THE EXHIBITING COMPANY FOR WHOM MATERIALS HAVE BEEN RECEIVED AND HANDLED.

CAPITAL RESERVES THE RIGHT TO SHIP MATERIALS WITH THE OFFICIAL SHOW CARRIER IF EXHIBITOR CARRIER DOES NOT CHECK IN BY THE APPOINTED DATE AND TIME: **September 7, 2024 5:00 PM.**
